

Morning - Outside the Cabins

Chiron stands outside the circle of cabins, addressing all the campers.

CHIRON

Good morning, everyone. Well done on your cabin inspections. Although as a reminder, please do not place sleeping enchantments in your cabin doorway just to get out of inspection. I'm looking at you, Hypnos Cabin.

Now, you all have your activity schedules for the day. Please head out to your first session!

The campers all disperse.

CHIRON

And now let me have a word with our new camper, [NAME]. We have a variety of activities you can choose from, [NAME], including swordplay, archery, rock climbing on the lava wall, ancient history, and pegasus-flying lessons.
